

**UNITED STATES SECURITIES AND EXCHANGE COMMISSION**

Washington, D.C. 20549

**FORM 10-Q**

**QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934**

For the quarterly period ended September 30, 2019

**TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934**

For the transition period from \_\_\_\_\_ to \_\_\_\_\_

Commission File Number: 001-38010

**CLIPPER REALTY INC.**

(Exact name of Registrant as specified in its charter)

**Maryland**

**47-4579660**

(State or other jurisdiction of incorporation or organization)

(I.R.S. Employer Identification No.)

**4611 12<sup>th</sup> Avenue, Suite 1L**

**Brooklyn, New York 11219**

(Address of principal executive offices) (Zip Code)

**(718) 438-2804**

(Registrant's telephone number, including area code)

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes  No

Indicate by check mark whether the registrant has submitted electronically every Interactive Data File required to be submitted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit such files). Yes  No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, a smaller reporting company or an emerging growth company. See definition of "large accelerated filer," "accelerated filer," "smaller reporting company" and "emerging growth company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer

Accelerated filer

Non-accelerated filer

Smaller reporting company

Emerging growth company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes  No

Securities registered pursuant to Section 12(b) of the Act:

Title of each class	Trading Symbol	Name of each exchange on which registered
Common Stock, par value \$0.01 per share	CLPR	New York Stock Exchange

As of November 12, 2019, there were 17,814,672 shares of the Registrant's Common Stock outstanding.

## PART I – FINANCIAL INFORMATION

### CAUTIONARY NOTE CONCERNING FORWARD-LOOKING STATEMENTS

All statements other than statements of historical fact included in this Quarterly Report on Form 10-Q for Clipper Realty Inc. (the “Company”), including, without limitation, statements under “Management’s Discussion and Analysis of Financial Condition and Results of Operations,” regarding the Company’s financial position, business strategy and the plans, objectives, expectations, or assumptions of management for future operations, are forward-looking statements. When used in this Quarterly Report on Form 10-Q, words such as “may,” “will,” “should,” “could,” “expect,” “anticipate,” “believe,” “estimate,” “project,” “predict,” “believe,” “expect,” “intend,” “continue,” “potential,” “plan,” “goal” or other words that convey the uncertainty of future events or outcomes are intended to identify forward-looking statements, which are generally not historical in nature. These statements involve risks and uncertainties that could cause actual results to differ materially from those described in such statements. These risks, contingencies and uncertainties include, but are not limited to, the following:

- market and economic conditions affecting occupancy levels, rental rates, the overall market value of our properties, our access to capital and the cost of capital and our ability to refinance indebtedness;
- economic or regulatory developments in New York City;
- the single government tenant in our commercial buildings may suffer financial difficulty;
- changes in rent stabilization regulations or claims by tenants in rent-stabilized units that their rents exceed specified maximum amounts under current regulations;
- our ability to control operating costs to the degree anticipated;
- the risk of damage to our properties, including from severe weather, natural disasters, climate change and terrorist attacks;
- risks related to financing, cost overruns and fluctuations in occupancy rates and rents resulting from development or redevelopment activities and the risk that we may not be able to pursue or complete development or redevelopment activities or that such development or redevelopment activities may not be profitable;
- concessions or significant capital expenditures that may be required to attract and retain tenants;
- the relative illiquidity of real estate investments;
- competition affecting our ability to engage in investment and development opportunities or attract or retain tenants;
- unknown or contingent liabilities in properties acquired in formative and future transactions;
- the possible effects of departure of key personnel in our management team on our investment opportunities and relationships with lenders and prospective business partners;
- conflicts of interest faced by members of management relating to the acquisition of assets and the development of properties, which may not be resolved in our favor;
- a transfer of a controlling interest in any of our properties may obligate us to pay transfer tax based on the fair market value of the real property transferred; and
- other risks and risk factors or uncertainties identified from time to time in our filings with the Securities and Exchange Commission (“SEC”).

Although the Company believes that the expectations reflected in such forward-looking statements are reasonable, it can give no assurance that such expectations will prove to have been correct. Reference is made to a more complete discussion of forward-looking statements and applicable risks contained under the captions “Cautionary Note Concerning Forward-Looking Statements” and “Risk Factors” in the Company’s Annual Report on Form 10-K for the year ended December 31, 2018, filed with the SEC on March 7, 2019, and other reports filed from time to time with the SEC. Clipper Realty Inc. undertakes no obligation to update or revise any of its forward-looking statements, whether as a result of new information, future events or otherwise.

**Clipper Realty Inc.**  
**Notes to Condensed Consolidated Financial Statements**  
**(In thousands, except for share and per share data and as noted)**  
**(Unaudited)**

**INTRODUCTION TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

The unaudited condensed consolidated financial statements of Clipper Realty Inc. (the “Company” or “we”) and subsidiaries have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States (“GAAP”) have been condensed or omitted pursuant to such rules and regulations. We believe that the disclosures are adequate to make the information presented not misleading when read in conjunction with the financial statements and the notes thereto included in our Annual Report on Form 10-K for the year ended December 31, 2018, filed with the SEC on March 7, 2019.

The financial information presented reflects all adjustments (consisting of normal recurring adjustments) which are, in our opinion, necessary for a fair presentation of the results of operations, cash flows and financial position for the interim periods presented. Certain reclassifications have been made to the prior period financial statements in order to conform to the current year presentation. These reclassifications did not have an impact on net income (loss) previously reported. These results are not necessarily indicative of a full year’s results of operations.

**1. Organization**

The Company was organized in the state of Maryland on July 7, 2015. On August 3, 2015, we completed certain formation transactions and the sale of shares of common stock in a private offering. We contributed the net proceeds of the private offering to Clipper Realty L.P., our operating partnership subsidiary (the “Operating Partnership”), in exchange for units in the Operating Partnership. The Operating Partnership in turn contributed such net proceeds to the limited liability companies (“LLCs”) that comprised the predecessor of the Company (the “Predecessor”) in exchange for Class A LLC units in such LLCs and became the managing member of such LLCs. The owners of the LLCs exchanged their interests for Class B LLC units and an equal number of special, non-economic, voting stock in the Company. The Class B LLC units, together with the special voting shares, are convertible into common shares of the Company on a one-for-one basis and are entitled to distributions.

On June 27, 2016, the Operating Partnership acquired the Aspen property at 1955 First Avenue in Manhattan, New York.

On February 9, 2017, the Company priced an initial public offering of 6,390,149 primary shares of its common stock (including the exercise of the over-allotment option, which closed on March 10, 2017) at a price of \$13.50 per share (the “IPO”). The net proceeds of the IPO were approximately \$78.7 million. We contributed the proceeds of the IPO to the Operating Partnership, in exchange for units in the Operating Partnership.

On May 9, 2017, the Company completed the purchase of 107 Columbia Heights (since rebranded as “Clover House”), a 161-unit apartment community located in Brooklyn Heights, New York, in vacant condition, for \$87.5 million.

On October 27, 2017, the Company completed the acquisition of an 82-unit residential property at 10 West 65th Street in Manhattan, New York, for \$79.0 million.

As of September 30, 2019, the properties owned by the Company consist of the following (collectively, the “Properties”):

- Tribeca House in Manhattan, comprising two buildings, one with 21 stories and one with 12 stories, containing residential and retail space with an aggregate of approximately 483,000 square feet of residential rental Gross Leasable Area (“GLA”) and 77,000 square feet of retail rental and parking GLA;
- Flatbush Gardens in Brooklyn, a 59-building residential housing complex with 2,496 rentable units;

- 141 Livingston Street in Brooklyn, a 15-story office building with approximately 216,000 square feet of GLA;
- 250 Livingston Street in Brooklyn, a 12-story office and residential building with approximately 370,000 square feet of GLA (fully remeasured);
- Aspen in Manhattan, a 7-story building containing residential and retail space with approximately 166,000 square feet of residential rental GLA and approximately 21,000 square feet of retail rental GLA;
- Clover House in Brooklyn, a 11-story residential building with approximately 102,000 square feet of residential rental GLA; and
- 10 West 65<sup>th</sup> Street in Manhattan, a 6-story residential building with approximately 76,000 square feet of residential rental GLA.

On November 8, 2019, the Company acquired property located at 1010 Pacific Street in Brooklyn, New York, for \$31 million. The property is located adjacent to downtown Brooklyn, approximately one mile from the Atlantic Terminal/Barclays Center hub. The Company plans to redevelop the property as a nine-story, fully amenitized multifamily rental building, including indoor parking, with approximately 119,000 rentable square feet.

The operations of Clipper Realty Inc. and its consolidated subsidiaries are carried on primarily through the Operating Partnership. The Company has elected to be taxed as a Real Estate Investment Trust (“REIT”) under Sections 856 through 860 of the Internal Revenue Code (the “Code”). The Company is the sole general partner of the Operating Partnership and the Operating Partnership is the sole managing member of the LLCs that comprised the Predecessor.

At September 30, 2019, the Company’s interest, through the Operating Partnership, in the LLCs that own the properties generally entitles it to 40.4% of the aggregate cash distributions from, and the profits and losses of, the LLCs.

The Company determined that the Operating Partnership and the LLCs are variable interest entities (“VIEs”) and that the Company was the primary beneficiary. The assets and liabilities of these VIEs represented substantially all of the Company’s assets and liabilities.

## **2. Issuance of Common Stock**

On April 9, 2019, the Company issued 1,917 primary shares of its common stock to one of our directors, in connection with the conversion of vested long-term incentive plan (“LTIP”) units on a one-for-one basis. The Company did not receive any proceeds from the issuance.

## **3. Significant Accounting Policies**

### *Segments*

At September 30, 2019, the Company had two reportable operating segments, Residential Rental Properties and Commercial Rental Properties. The Company’s chief operating decision maker may review operational and financial data on a property basis.

### *Basis of Consolidation*

The accompanying consolidated financial statements of the Company are prepared in accordance with GAAP. The effect of all intercompany balances has been eliminated. The consolidated financial statements include the accounts of all entities in which the Company has a controlling interest. The ownership interests of other investors in these entities are recorded as non-controlling interests.

### *Use of Estimates*

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of commitments and contingencies at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could materially differ from these estimates.

## *Investment in Real Estate*

Real estate assets held for investment are carried at historical cost and consist of land, buildings and improvements, furniture, fixtures and equipment. Expenditures for ordinary repair and maintenance costs are charged to expense as incurred. Expenditures for improvements, renovations, and replacements of real estate assets are capitalized and depreciated over their estimated useful lives if the expenditures qualify as betterment or the life of the related asset will be substantially extended beyond the original life expectancy.

In accordance with ASU 2017-01, "Business Combinations – Clarifying the Definition of a Business," the Company evaluates each acquisition of real estate or in-substance real estate to determine if the integrated set of assets and activities acquired meets the definition of a business and needs to be accounted for as a business combination. If either of the following criteria is met, the integrated set of assets and activities acquired would not qualify as a business:

- Substantially all of the fair value of the gross assets acquired is concentrated in either a single identifiable asset or a group of similar identifiable assets; or
- The integrated set of assets and activities is lacking, at a minimum, an input and a substantive process that together significantly contribute to the ability to create outputs (i.e., revenue generated before and after the transaction).

An acquired process is considered substantive if:

- The process includes an organized workforce (or includes an acquired contract that provides access to an organized workforce) that is skilled, knowledgeable and experienced in performing the process;
- The process cannot be replaced without significant cost, effort or delay; or
- The process is considered unique or scarce.

Generally, the Company expects that acquisitions of real estate or in-substance real estate will not meet the revised definition of a business because substantially all of the fair value is concentrated in a single identifiable asset or group of similar identifiable assets (i.e., land, buildings and related intangible assets) or because the acquisition does not include a substantive process in the form of an acquired workforce or an acquired contract that cannot be replaced without significant cost, effort or delay.

Upon acquisition of real estate, the Company assesses the fair values of acquired tangible and intangible assets including land, buildings, tenant improvements, above-market and below-market leases, in-place leases and any other identified intangible assets and assumed liabilities. The Company allocates the purchase price to the assets acquired and liabilities assumed based on their fair values. In estimating fair value of tangible and intangible assets acquired, the Company assesses and considers fair value based on estimated cash flow projections that utilize appropriate discount and capitalization rates, estimates of replacement costs, net of depreciation, and available market information. The fair value of the tangible assets of an acquired property considers the value of the property as if it were vacant.

The Company records acquired above-market and below-market lease values initially based on the present value, using a discount rate which reflects the risks associated with the leases acquired based on the difference between (i) the contractual amounts to be paid pursuant to each in-place lease and (ii) management's estimate of fair market lease rates for each corresponding in-place lease, measured over a period equal to the remaining term of the lease for above-market leases and the initial term plus the term of any below-market fixed renewal options for the below-market leases. Other intangible assets acquired include amounts for in-place lease values and tenant relationship values (if any) that are based on management's evaluation of the specific characteristics of each tenant's lease and the Company's overall relationship with the respective tenant. Factors to be considered by management in its analysis of in-place lease values include an estimate of carrying costs to execute similar leases. In estimating carrying costs, management includes real estate taxes, insurance and other operating expenses and estimates of lost rentals at market rates during the expected lease-up periods, depending on local market conditions. In estimating costs to execute similar leases, management considers leasing commissions, legal and other related expenses.

The Company reviews long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. A property's value is impaired if management's estimate of the aggregate future cash flows (undiscounted and without interest charges) to be generated by the

property is less than the carrying value of the property. To the extent impairment has occurred, a write-down is recorded and measured by the amount of the difference between the carrying value of the asset and the fair value of the asset. In the event that the Company obtains proceeds through an insurance policy due to impairment, the proceeds are offset against the write-down in calculating gain/loss on disposal of assets. Management of the Company does not believe that any of its properties within the portfolio are impaired as of September 30, 2019.

For long-lived assets to be disposed of, impairment losses are recognized when the fair value of the assets less estimated cost to sell is less than the carrying value of the assets. Properties classified as real estate held-for-sale generally represent properties that are actively marketed or contracted for sale with closing expected to occur within the next twelve months. Real estate held-for-sale is carried at the lower of cost, net of accumulated depreciation, or fair value less cost to sell, determined on an asset-by-asset basis. Expenditures for ordinary repair and maintenance costs on held-for-sale properties are charged to expense as incurred. Expenditures for improvements, renovations and replacements related to held-for-sale properties are capitalized at cost. Depreciation is not recorded on real estate held-for-sale.

If a tenant vacates its space prior to the contractual termination of the lease and no rental payments are being made on the lease, any unamortized balances of the related lease intangibles are written off. The tenant improvements and origination costs are amortized to expense over the remaining life of the lease (or charged against earnings if the lease is terminated prior to its contractual expiration date).

Depreciation is computed using the straight-line method over the estimated useful lives of the assets as follows:

Building and improvements	10–44 years
Tenant improvements	Shorter of useful life or lease term
Furniture, fixtures and equipment	3–15 years

The capitalized above-market lease values are amortized as a reduction to base rental revenue over the remaining terms of the respective leases, and the capitalized below-market lease values are amortized as an increase to base rental revenue over the remaining initial terms plus the terms of any below-market fixed rate renewal options of the respective leases. The value of in-place leases is amortized to expense over the remaining initial terms of the respective leases.

#### *Cash and Cash Equivalents*

Cash and cash equivalents are defined as cash on hand and in banks, plus all short-term investments with a maturity of three months or less when purchased. The Company maintains some of its cash in bank deposit accounts, which, at times, may exceed the federally insured limit. No losses have been experienced related to such accounts.

#### *Restricted Cash*

Restricted cash generally consists of escrows for future real estate taxes and insurance expenditures, repairs and capital improvements and security deposits.

#### *Tenant and Other Receivables and Allowance for Doubtful Accounts*

Tenant and other receivables are comprised of amounts due for monthly rents and other charges. The Company periodically performs a detailed review of amounts due from tenants to determine if accounts receivable balances are uncollectible based on factors affecting the collectability of those balances. If a tenant fails to make contractual payments beyond any allowance, the Company may recognize additional bad debt expense in future periods.

#### *Deferred Costs*

Deferred lease costs consist of fees incurred to initiate and renew operating leases. Lease costs are being amortized using the straight-line method over the terms of the respective leases.

Deferred financing costs represent commitment fees, legal and other third-party costs associated with obtaining financing. These costs are capitalized and are amortized over the term of the financing and are recorded in interest expense in the consolidated financial statements. Unamortized deferred financing costs are expensed when the associated debt is refinanced or repaid before maturity. Costs incurred in seeking financing transactions which do not close are expensed in the period the financing transaction is terminated.

### *Comprehensive (Loss) Income*

Comprehensive (loss) income is comprised of net (loss) income adjusted for changes in unrealized gains and losses, reported in equity, for financial instruments required to be reported at fair value under GAAP. For the three and nine months ended September 30, 2019 and 2018, the Company did not own any financial instruments for which the change in value was not reported in net (loss) income accordingly and its comprehensive (loss) income was its net (loss) income as presented in the consolidated statements of operations.

### *Revenue Recognition*

Rental revenue for commercial leases is recognized on a straight-line basis over the terms of the respective leases. Rental income attributable to residential leases and parking is recognized as earned, which is not materially different from the straight-line basis. Leases entered into by residents for apartment units are generally for one-year terms, renewable upon consent of both parties on an annual or monthly basis. Deferred rents receivable represents the amount by which straight-line rental revenue exceeds rents currently billed in accordance with lease agreements.

Reimbursements for operating expenses due from tenants pursuant to their lease agreements are recognized as revenue in the period the applicable expenses are incurred. These costs generally include real estate taxes, utilities, insurance, common area maintenance costs and other recoverable costs.

### *Stock-based Compensation*

The Company accounts for stock-based compensation pursuant to Financial Accounting Standards Board Accounting Standards Codification (“FASB ASC”) Topic 718, “Compensation — Stock Compensation.” As such, all equity-based awards are reflected as compensation expense in the Company’s consolidated financial statements over their vesting period based on the fair value at the date of grant.

In March 2019, the Company granted 152,734 LTIP units with a weighted average grant date fair value of \$13.35 per unit. In May 2019, the Company granted 5,800 LTIP units with a weighted average grant date fair value of \$12.92 per unit to our former Chief Financial Officer that vested June 30, 2019, representing a prorated bonus in connection with his retirement effective on that date and provision of consulting services through June 30, 2020; additionally, the Company accelerated the vesting of his outstanding unvested LTIP units to vest in full on June 30, 2019.

At September 30, 2019 and December 31, 2018, there were 881,065 and 724,448 LTIP units outstanding, respectively, with a weighted grant-date fair value of \$12.70 and \$12.56 per unit, respectively. As of September 30, 2019, and December 31, 2018, there was \$1.7 million and \$0.8 million, respectively, of total unrecognized compensation cost related to unvested share-based compensation arrangements granted under share incentive plans. As of September 30, 2019, the weighted average period over which the unrecognized compensation expense will be recorded is approximately 1.2 years.

### *Income Taxes*

The Company elected to be taxed and to operate in a manner that will allow it to qualify as a REIT under the Code. To qualify as a REIT, the Company is required to distribute dividends equal to at least 90% of the REIT taxable income (computed without regard to the dividends paid deduction and net capital gains) to its stockholders, and meet the various other requirements imposed by the Code relating to matters such as operating results, asset holdings, distribution levels and diversity of stock ownership. Provided the Company qualifies for taxation as a REIT, it is generally not subject to U.S. federal corporate-level income tax on the earnings distributed currently to its stockholders. If the Company fails to qualify as a REIT in any taxable year, the Company will be subject to U.S. federal and state income tax on its taxable income at regular corporate tax rates and any applicable alternative minimum tax. In addition, the Company may not be able to re-elect as a REIT for the four subsequent taxable years. The entities comprising the Predecessor are limited liability companies and are treated as pass-through entities for income tax purposes. Accordingly, no provision has been made for federal, state or local income or franchise taxes in the accompanying consolidated financial statements.

In accordance with FASB ASC Topic 740, the Company believes that it has appropriate support for the income tax positions taken and, as such, does not have any uncertain tax positions that, if successfully challenged, could result in a material impact on its or the Predecessor’s financial position or results of operations. The prior three years’ income tax returns are subject to review by the Internal Revenue Service.

The Tax Cuts and Jobs Act was enacted in December 2017 and is generally effective beginning in 2018. This new legislation is not expected to have a material adverse effect on the Company's business and allows non-corporate shareholders to deduct a portion of the Company's qualified REIT dividends.

#### *Fair Value Measurements*

Refer to Note 8, "Fair Value of Financial Instruments".

#### *Derivative Financial Instruments*

FASB derivative and hedging guidance establishes accounting and reporting standards for derivative instruments, including certain derivative instruments embedded in other contracts, and for hedging activities. As required by FASB guidance, the Company records all derivatives on the consolidated balance sheets at fair value. The accounting for changes in the fair value of derivatives depends on the intended use of the derivative and the resulting designation.

Derivatives used to hedge the exposure to changes in the fair value of an asset, liability, or firm commitment attributable to a particular risk, such as interest rate risk, are considered fair value hedges. Derivatives used to hedge the exposure to variability in expected future cash flows, or other types of forecast transactions, are considered cash flow hedges. For derivatives designated as fair value hedges, changes in the fair value of the derivative and the hedged item related to the hedged risk are recognized in earnings. For derivatives designated as cash flow hedges, the effective portion of changes in the fair value of the derivative is initially reported in other comprehensive income (outside of earnings) and subsequently reclassified to earnings when the hedged transaction affects earnings, and the ineffective portion of changes in the fair value of the derivative is recognized directly in earnings. The Company assesses the effectiveness of each hedging relationship by comparing the changes in the fair value or cash flows of the derivative hedging instrument with the changes in the fair value or cash flows of the designated hedged item or transaction. For derivatives not designated as hedges, changes in fair value would be recognized in earnings. As of September 30, 2019, the Company has no derivatives for which it applies hedge accounting.

#### *(Loss) Income Per Share*

Basic and diluted (loss) income per share is computed by dividing net (loss) income attributable to common stockholders by the weighted average common shares outstanding. As of September 30, 2019 and 2018, the Company had unvested LTIP units which provide for non-forfeitable rights to dividend-equivalent payments. Accordingly, these unvested LTIP units are considered participating securities and are included in the computation of basic and diluted (loss) income per share pursuant to the two-class method. The Company did not have dilutive securities as of September 30, 2019 or 2018.

The effect of the conversion of the 26,317 Class B LLC units outstanding is not reflected in the computation of basic and diluted (loss) income per share, as the effect would be anti-dilutive. The net (loss) income allocable to such units is reflected as noncontrolling interests in the accompanying consolidated financial statements.

The following table sets forth the computation of basic and diluted net (loss) income per share for the periods indicated (unaudited):

	<b>Three Months Ended</b>		<b>Nine Months Ended</b>	
	<b>September 30,</b>		<b>September 30,</b>	
	<b>2019</b>	<b>2018</b>	<b>2019</b>	<b>2018</b>
<b>(in thousands, except per share amounts)</b>				
<u>Numerator</u>				
Net (loss) income attributable to common stockholders	\$ (73)	\$ 505	\$ (594)	\$ (3,001)
Less: income attributable to participating securities	(84)	(69)	(236)	(200)
Subtotal	\$ (157)	\$ 436	\$ (830)	\$ (3,201)
<u>Denominator</u>				
Weighted average common shares outstanding	17,815	17,813	17,814	17,813
Basic and diluted net (loss) income per share attributable to common stockholders	\$ (0.01)	\$ 0.02	\$ (0.05)	\$ (0.18)

#### *Recently Issued Pronouncements*

In March 2019, FASB issued ASU 2019-01, "Leases (Topic 842), Codification Improvements." There are three codification updates to Topic 842 covered by this ASU: Issue 1 provides guidance on how to compute fair value of

leased items for lessors who are non-dealers or manufacturers; Issue 2 relates to cash flow presentation for lessors of sales-type and direct financing leases; and Issue 3 clarifies that certain transition disclosures will only be required in annual disclosures.

In December 2018, FASB issued ASU 2018-20, “Leases (Topic 842), Narrow-Scope Improvements for Lessors.” This ASU modifies ASU 2016-02 to permit lessors, as an accounting policy election, not to evaluate whether certain sales taxes and other similar taxes are lessor costs or lessee costs. Instead, those lessors will account for those costs as if they are lessee costs. Consequently, a lessor making this election will exclude from the consideration in the contract and from variable payments not included in the consideration in the contract all collections from lessees of taxes within the scope of the election and will provide certain disclosures (includes sales, use, value-added, and some excise taxes and excludes real estate taxes). The Company has elected not to evaluate whether the aforementioned costs are lessor or lessee costs. This ASU also provides that certain lessor costs require lessors to exclude from variable payments, and therefore revenue, specifically lessor costs paid by lessees directly to third parties. The amendments also require lessors to account for costs excluded from the consideration of a contract that are paid by the lessor and reimbursed by the lessee as variable payments. A lessor will record those reimbursed costs as revenue.

In May 2014, FASB issued ASU 2014-09, “Revenue from Contracts with Customers,” which prescribes a single, common revenue standard that supersedes nearly all existing revenue recognition guidance under U.S. GAAP, including most industry-specific requirements. The core principle of ASU 2014-09 is to recognize revenue when promised goods or services are transferred to customers in an amount that reflects the consideration to which an entity expects to be entitled for those goods or services. ASU 2014-09 outlines a five-step model to achieve this core principle and, in doing so, more judgment and estimates may be required within the revenue recognition process than are required under existing U.S. GAAP. The standard is effective for annual periods beginning after December 15, 2018, and interim periods within annual reporting periods beginning after December 15, 2019. The Company’s revenues are primarily derived from rental income, which is scoped out from this standard and is currently accounted for in accordance with ASC Topic 840, Leases. Less than 5% of the Company’s revenues in 2018 would have fallen under the scope of this standard and comprises, principally, commercial operating expense reimbursements and garage and other income from residential tenants; for these revenues, the Company adopted this standard effective January 1, 2019, using the modified retrospective approach, applying the provisions to open contracts as of the date of adoption. The adoption of this standard did not have a material impact on the timing or amounts of the Company’s revenues.

For the approximate 5% of rental revenue that is subject to the new revenue recognition standard, the Company’s disaggregated revenue streams are disclosed in the tables below for the three and nine months ended September 30, 2019 and 2018:

<b>Three Months Ended September 30, 2019</b>					
<b>Revenue Stream</b>	<b>Applicable Standard</b>	<b>Amount of Rental Income</b>			<b>% of Rental Income</b>
		<b>Residential</b>	<b>Commercial</b>	<b>Total</b>	
Leasing	Leases	\$21,729	\$6,413	\$28,142	95.6%
Operating expense recoveries	Revenue Recognition	122	753	875	3.0%
Other	Revenue Recognition	266	157	423	1.4%
<b>Total revenues</b>		<b>\$22,117</b>	<b>\$7,323</b>	<b>\$29,440</b>	<b>100.0%</b>

<b>Three Months Ended September 30, 2018</b>					
<b>Revenue Stream</b>	<b>Applicable Standard</b>	<b>Amount of Rental Income</b>			<b>% of Rental Income</b>
		<b>Residential</b>	<b>Commercial</b>	<b>Total</b>	
Leasing	Leases	\$20,180	\$6,383	\$26,563	95.0%
Operating expense recoveries	Revenue Recognition	128	743	871	3.2%
Other	Revenue Recognition	367	147	514	1.8%
<b>Total revenues</b>		<b>\$20,675</b>	<b>\$7,273</b>	<b>\$27,948</b>	<b>100.0%</b>

**Nine Months Ended September 30, 2019**

Revenue Stream	Applicable Standard	Amount of Rental Income			% of Rental Income
		Residential	Commercial	Total	
Leasing	Leases	\$62,801	\$18,752	\$81,553	95.3%
Operating expense recoveries	Revenue Recognition	357	2,293	2,650	3.1%
Other	Revenue Recognition	877	458	1,335	1.6%
<b>Total revenues</b>		<b>\$64,035</b>	<b>\$21,503</b>	<b>\$85,538</b>	<b>100.0%</b>

**Nine Months Ended September 30, 2018**

Revenue Stream	Applicable Standard	Amount of Rental Income			% of Rental Income
		Residential	Commercial	Total	
Leasing	Leases	\$59,148	\$18,937	\$78,085	95.1%
Operating expense recoveries	Revenue Recognition	364	2,224	2,588	3.1%
Other	Revenue Recognition	937	506	1,443	1.8%
<b>Total revenues</b>		<b>\$60,449</b>	<b>\$21,667</b>	<b>\$82,116</b>	<b>100.0%</b>

In February 2016, FASB issued ASU 2016-02, “Leases.” ASU 2016-02 supersedes the current accounting for leases and while retaining two distinct types of leases, finance and operating, requires lessees to recognize most leases on their balance sheets and makes targeted changes to lessor accounting. In July 2018, FASB issued ASU 2018-10, “Codification Improvements to Topic 842, Leases,” which provides minor clarifications and corrections to ASU 2016-02, “Leases (Topic 842).” Further, in July 2018, the FASB issued ASU 2018-11, “Leases (Topic 842): Targeted Improvements.” This amendment provides a new practical expedient that allows lessors, by class of underlying asset, to avoid separating lease and associated non-lease components within a contract if certain criteria are met: (i) the timing and pattern of transfer for the non-lease component and the associated lease component are the same and (ii) the stand-alone lease component would be classified as an operating lease if accounted for separately. These pronouncements are effective for fiscal years beginning after December 15, 2019, and early adoption is permitted. The Company will adopt this standard effective January 1, 2020 and is currently evaluating the impact of adoption on its consolidated financial statements. As lessor, the Company expects that the adoption of ASU 2016-02 (as amended by subsequent ASUs) will not change the timing of revenue recognition of the Company’s rental revenues. As lessee, the Company is party to certain office equipment leases with future payment obligations for which the Company expects to record right-of-use assets and lease liabilities at the present value of the remaining minimum rental payments upon adoption of this standard.

In August 2018, FASB issued ASU 2018-13, “Disclosure Framework — Changes to the Disclosure Requirements for Fair Value Measurement,” which removes, modifies, and adds certain disclosure requirements related to fair value measurements in ASC 820. This guidance is effective in fiscal years beginning after December 15, 2019 with early adoption permitted. The Company is currently assessing the impact this guidance will have on its consolidated financial statements.

In August 2018, the Securities and Exchange Commission issued a final rule that amends certain of its disclosure requirements. The rule simplifies various disclosure requirements for public companies including primarily that it (i) eliminates the requirement for public companies to disclose in their filings a schedule of earnings to fixed charges, (ii) requires an analysis of changes in stockholders’ equity for the current and comparative year-to-date interim periods in interim reports, and (iii) reduces the requirements for market price information disclosures in annual reports. These changes were effective for public companies beginning on November 5, 2018.

In July 2018, FASB issued ASU 2018-09, “Codification Improvements.” These amendments provide clarifications and corrections to certain ASC subtopics including the following: 470-50 (Debt – Modifications and Extinguishments), 480-10 (Distinguishing Liabilities from Equity – Overall), 718-740 (Compensation – Stock Compensation – Income Taxes), 805-740 (Business Combinations – Income Taxes), 815-10 (Derivatives and Hedging – Overall) and 820-10 (Fair Value Measurement – Overall). The Company is currently assessing the impact this guidance will have on its consolidated financial statements.

In June 2018, FASB issued ASU 2018-07, “Compensation – Stock Compensation (Topic 718): Improvements to Nonemployee Share-Based Payment Accounting.” These amendments provide specific guidance for transactions for acquiring goods and services from nonemployees and specify that Topic 718 applies to all share-based payment transactions in which a grantor acquires goods or services to be used or consumed in a grantor’s own operations by issuing share-based payment awards. The amendments also clarify that Topic 718 does not apply to share-based payments used to effectively provide (i) financing to the issuer or (ii) awards granted in conjunction with selling goods or services to customers as part of a contract accounted for under Topic 606, “Revenue from Contracts with Customers.” This guidance is effective for the Company for fiscal years beginning after December 15, 2019, and interim periods beginning after December 15, 2020. Early adoption is permitted but not earlier than the adoption of Topic 606. The Company does not believe that this guidance will have a material effect on its consolidated financial statements as it has not historically issued share-based payments in exchange for goods or services to be consumed within its operations.

In February 2017, FASB issued ASU 2017-05, “Other Income-Gains and Losses from the Derecognition of Nonfinancial Assets (Subtopic 610-20),” to add guidance for partial sales of nonfinancial assets, including partial sales of real estate. Historically, U.S. GAAP contained several different accounting models to evaluate whether the transfer of certain assets qualified for sale treatment. ASU 2017-05 reduces the number of potential accounting models that might apply and clarifies which model does apply in various circumstances. ASU 2017-05 is effective for the Company for its annual reporting beginning after December 15, 2018, including interim reporting periods beginning after December 15, 2019. The Company adopted this standard effective January 1, 2019. The adoption of this standard did not have a material impact on our consolidated financial statements.

In November 2016, FASB issued ASU 2016-18 “Statement of Cash Flows (Topic 230) – Restricted Cash”. The ASU requires that a statement of cash flows explain the change during the period in the total of cash, cash equivalents, and amounts generally described as restricted cash or restricted cash equivalents. Therefore, amounts generally described as restricted cash and restricted cash equivalents should be included with cash and cash equivalents when reconciling the beginning-of-period and end-of-period total amounts shown on the statement of cash flows. The ASU does not provide a definition of restricted cash or restricted cash equivalents. The ASU is effective for the Company beginning after December 15, 2018, and interim periods within fiscal years beginning after December 15, 2019. Early adoption is permitted, including adoption in an interim period. The Company has adopted this standard effective January 1, 2019.

In August 2016, FASB issued ASU 2016-15, “Statement of Cash Flows (Topic 230): Classification of Certain Cash Receipts and Cash Payments (A consensus of the Emerging Issues Task Force),” which provides specific guidance on eight cash flow classification issues and how to reduce diversity in how certain cash receipts and cash payments are presented and classified in the statement of cash flows. The ASU is effective for the Company beginning after December 15, 2018, and interim periods within fiscal years beginning after December 15, 2019. Early adoption is permitted. The Company has adopted this standard effective January 1, 2019.

#### 4. Deferred Costs and Intangible Assets

Deferred costs and intangible assets consist of the following:

	September 30, 2019	December 31, 2018
	<b>(unaudited)</b>	
Deferred costs	\$347	\$286
Above-market leases	444	480
Lease origination costs	1,385	3,110
In-place leases	859	8,078
Real estate tax abatements	9,143	12,571
Total deferred costs and intangible assets	12,178	24,525
Less accumulated amortization	(3,125)	(14,561)
Total deferred costs and intangible assets, net	\$9,053	\$9,964

Amortization of deferred costs, lease origination costs and in-place lease intangible assets was \$189 and \$188 for the three months ended September 30, 2019 and 2018, respectively, and \$572 and \$1,052 for the nine months

ended September 30, 2019 and 2018, respectively; \$8,994 of fully amortized deferred costs, lease origination costs and in-place leases was written off during the nine months ended September 30, 2019. Amortization of real estate tax abatements of \$122 and \$119 for the three months ended September 30, 2019 and 2018, respectively, and \$361 and \$355 for the nine months ended September 30, 2019 and 2018, respectively, is included in real estate taxes and insurance in the consolidated statements of operations; \$3,428 of fully amortized real estate tax abatements was written off during the nine months ended September 30, 2019. Amortization of above-market leases of \$30 and \$59 for the three months ended September 30, 2019 and 2018, respectively, and \$89 and \$176 for the nine months ended September 30, 2019 and 2018, respectively, is included in commercial rental income in the consolidated statements of operations; \$36 of fully amortized above-market leases was written off during the nine months ended September 30, 2019.

Deferred costs and intangible assets as of September 30, 2019, amortize in future years as follows (unaudited):

2019 (Remainder)	\$271
2020	801
2021	775
2022	743
2023	597
Thereafter	5,866
Total	<u><u>\$9,053</u></u>

## 5. Below-Market Lease Intangibles

The Company's below-market lease intangibles liabilities are as follows:

	<b>September 30, 2019</b>	<b>December 31, 2018</b>
	<b>(unaudited)</b>	
Below-market leases	\$4,087	\$23,178
Less accumulated amortization	(2,333)	(20,255)
Below-market leases, net	<u><u>\$1,754</u></u>	<u><u>\$2,923</u></u>

Rental income included amortization of below-market leases of \$280 and \$538 for the three months ended September 30, 2019 and 2018, respectively, and \$1,169 and \$1,614 for the nine months ended September 30, 2019 and 2018, respectively; \$19,091 of fully amortized below-market leases was written off during the nine months ended September 30, 2019.

Below-market leases as of September 30, 2019, amortize in future years as follows (unaudited):

2019 (Remainder)	\$129
2020	517
2021	493
2022	423
2023	192
Thereafter	—
Total	<u><u>\$1,754</u></u>

## 6. Notes Payable

The mortgages, loans and mezzanine notes payable collateralized by the properties, or the Company's interest in the entities that own the properties and assignment of leases, are as follows:

Property	Maturity	Interest Rate	September 30,	December 31,
			2019	2018
			(unaudited)

(a) The \$246,000 mortgage note agreement with New York Community Bank ("NYCB"), entered into on February 21, 2018, matures on March 1, 2028, and bears interest at 3.5% for the first five years and thereafter at the prime rate plus 2.75%, with an option to fix the rate subject to the payment of a fee that fluctuates depending on the date the election is made. The note requires interest-only payments through August 2020, and monthly principal and interest payments thereafter based on a 30-year amortization schedule. The Company has the option to prepay all (but not less than all) of the unpaid balance of the note prior to the maturity date, subject to certain prepayment premiums, as defined.

(b) On May 31, 2019, the Company repaid the debt secured by the 250 Livingston Street property that was scheduled to mature in 2020, from the proceeds of a \$125,000 first mortgage loan with Citi Real Estate Funding Inc. The loan matures on June 6, 2029, bears interest at 3.63% and requires interest-only payments for the entire term. The Company has the option to prepay all (but not less than all) of the unpaid balance of the note within three months of maturity, without a prepayment premium.

(c) The \$79,500 mortgage note agreement with NYCB matures on June 1, 2028, and bears interest at 3.875%. The note required interest-only payments through June 2017, and monthly principal and interest payments of \$374 thereafter based on a 30-year amortization schedule.

(d) The \$360,000 loan with Deutsche Bank, entered into on February 21, 2018, matures on March 6, 2028, bears interest at 4.506% and requires interest-only payments for the entire term. The Company has the option to prepay all (but not less than all) of the unpaid balance of the loan prior to the maturity date, subject to a prepayment premium if it occurs prior to December 6, 2027.

(e) The \$70,000 mortgage note agreement with Capital One Multifamily Finance LLC matures on July 1, 2028, and bears interest at 3.68%. The note required interest-only payments through July 2017, and monthly principal and interest payments of \$321 thereafter based on a 30-year amortization schedule. The Company has the option to prepay the note prior to the maturity date, subject to a prepayment premium.

(f) On May 9, 2017, the Company entered into a \$59,000 mortgage note agreement with a unit of Blackstone Mortgage Trust, Inc., related to the Clover House acquisition. The Company also entered into a construction loan secured by the building with the same lender that will provide up to \$14,700 for eligible capital improvements and carrying costs, of which \$5,731 was drawn as of September 30, 2019. The notes mature on May 9, 2020, are subject to two one-year extension options, require interest-only payments and bear interest at one-month LIBOR plus 3.85% (5.9% as of September 30, 2019).

On November 8, 2019, the Company refinanced the above Clover House loans with a \$82,000, ten-year, fixed rate secured first mortgage loan with MetLife Investment Management. The loan matures on December 1, 2029, bears interest at 3.53% per annum and is interest-only for the entire term.

(g) On October 27, 2017, the Company entered into a \$34,350 mortgage note agreement with NYCB, related to the 10 West 65<sup>th</sup> Street acquisition. The note matures on November 1, 2027, and bears interest at 3.375% for the first five years and thereafter at the prime rate plus 2.75%, subject to an option to fix the rate. The note requires interest-

only payments through October 2019, and monthly principal and interest payments thereafter based on a 30-year amortization schedule.

The following table summarizes principal payment requirements under terms of notes payable as of September 30, 2019 (unaudited):

2019 (Remainder)	\$835
2020	69,919
2021	8,553
2022	8,866
2023	9,191
Thereafter	876,122
Total	<u><u>\$973,486</u></u>

The Company recognized a loss on extinguishment of debt of \$1,771 during the nine months ended September 30, 2019, in connection with the refinancing of debt on the 250 Livingston Street property; the loss consisted of the write-off of unamortized debt costs. The Company recognized a loss on extinguishment of debt of \$6,981 during the nine months ended September 30, 2018, in connection with the refinancing of debt on the Flatbush Gardens and Tribeca House properties; the loss consisted of prepayment and other fees and the write-off of unamortized debt costs.

## 7. Rental Income under Operating Leases

The Company's commercial properties are leased to commercial tenants under operating leases with fixed terms of varying lengths. As of September 30, 2019, the minimum future cash rents receivable (excluding tenant reimbursements for operating expenses) under non-cancelable operating leases for the commercial tenants in each of the next five years and thereafter are as follows (unaudited):

2019 (Remainder)	\$5,388
2020	23,600
2021	19,371
2022	19,083
2023	17,291
Thereafter	31,776
Total	<u><u>\$116,509</u></u>

The Company has commercial leases with the City of New York that comprised approximately 18% of total revenues for the three months ended September 30, 2019, approximately 19% for the three months ended September 30, 2018, and 19% of total revenues for each of the nine months ended September 30, 2019 and 2018.

## 8. Fair Value of Financial Instruments

GAAP requires the measurement of certain financial instruments at fair value on a recurring basis. In addition, GAAP requires the measure of other financial instruments and balances at fair value on a non-recurring basis (e.g., carrying value of impaired real estate and long-lived assets). Fair value is defined as the price that would be received upon the sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The GAAP fair value framework uses a three-tiered approach. Fair value measurements are classified and disclosed in one of the following three categories:

- Level 1: unadjusted quoted prices in active markets that are accessible at the measurement date for identical assets or liabilities;
- Level 2: quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-derived valuations in which significant inputs and significant value drivers are observable in active markets; and
- Level 3: prices or valuation techniques where little or no market data is available that require inputs that are both significant to the fair value measurement and unobservable.

When available, the Company utilizes quoted market prices from an independent third-party source to determine fair value and classifies such items in Level 1 or Level 2. In instances where the market for a financial

instrument is not active, regardless of the availability of a nonbinding quoted market price, observable inputs might not be relevant and could require the Company to make a significant adjustment to derive a fair value measurement. Additionally, in an inactive market, a market price quoted from an independent third party may rely more on models with inputs based on information available only to that independent third party. When the Company determines the market for a financial instrument owned by the Company to be illiquid or when market transactions for similar instruments do not appear orderly, the Company uses several valuation sources (including internal valuations, discounted cash flow analysis and quoted market prices) and establishes a fair value by assigning weights to the various valuation sources.

Changes in assumptions or estimation methodologies can have a material effect on these estimated fair values. In this regard, the derived fair value estimates cannot be substantiated by comparison to independent markets and, in many cases, may not be realized in an immediate settlement of the instrument.

The financial assets and liabilities in the consolidated balance sheets include cash and cash equivalents, restricted cash, receivables, interest rate caps, accounts payable and accrued liabilities, security deposits and notes payable. The carrying amount of cash and cash equivalents, restricted cash, receivables, accounts payable and accrued liabilities, and security deposits reported in the consolidated balance sheets approximates fair value due to the short-term nature of these instruments. The fair value of notes payable, which are classified as Level 2, is estimated by discounting the contractual cash flows of each debt instrument to their present value using adjusted market interest rates.

The carrying amount and estimated fair value of the notes payable are as follows:

	<b>September 30, 2019</b>	<b>December 31, 2018</b>
	<b>(unaudited)</b>	
Carrying amount (excluding unamortized debt issuance costs)	\$973,486	\$925,613
Estimated fair value	\$1,038,425	\$927,561

The Company purchased interest rate caps in connection with the Tribeca House loans obtained on November 9, 2016, the loans obtained for the Clover House acquisition and the 250 Livingston Street loan obtained on December 6, 2018. On April 27, 2018, the Company terminated the Tribeca House instrument for net proceeds of \$385. The fair value of the interest rate caps, which are classified as Level 2, is estimated using market inputs and credit valuation inputs.

The estimated fair values of the interest rate caps are as follows:

<b>Notional Amount</b>	<b>Related Property Loan</b>	<b>Maturity Date</b>	<b>Strike Rate</b>	<b>Estimated Fair Value at September 30, 2019</b>	<b>Estimated Fair Value at December 31, 2018</b>
				<b>(unaudited)</b>	
\$73,700	Clover House	May 9, 2020	3.0%	\$—	\$24
\$75,000	250 Livingston Street	December 15, 2020	4.0%	—	—
Total fair value of derivative instruments included in prepaid expenses and other assets				\$—	\$24

These interest rate caps were not designated as hedges; accordingly, changes in fair value of the Tribeca House and 250 Livingston Street instruments are recognized in earnings, and changes in fair value of the Clover House instrument are recognized in real estate under development. Increases in fair value of the Tribeca House and 250 Livingston Street instruments of \$0 for the three months ended September 30, 2019 and 2018, and \$0 and \$(237) for the nine months ended September 30, 2019 and 2018, respectively, are included in interest expense. Decreases (increases) in fair value of the Clover House instrument of \$0 and \$(13) for the three months ended September 30, 2019 and 2018, respectively, and \$24 and \$(76) for the nine months ended September 30, 2019 and 2018, respectively, are recognized in interest expense and capitalized to real estate under development.

The above disclosures regarding fair value of financial instruments are based on pertinent information available as of September 30, 2019, and December 31, 2018, respectively. Although the Company is not aware of any factors that would significantly affect the reasonableness of the estimated fair value amounts, such amounts have not been comprehensively revalued for purposes of these financial statements since those dates, and current estimates of fair value may differ significantly from the amounts presented herein.

## 9. Commitments and Contingencies

### *Legal*

On July 3, 2017, the Supreme Court of the State of New York (the “Court”) ruled in favor of 41 present or former tenants of apartment units at the Company’s buildings located at 50 Murray Street and 53 Park Place in Manhattan, New York, who brought an action against the Company alleging that they were subject to applicable rent stabilization laws with the result that rental payments charged by the Company exceeded amounts permitted under these laws because the buildings were receiving certain tax abatements under Real Property Tax Law (“RPTL”) 421-g. The Court also awarded the plaintiffs-tenants their attorney’s fees and costs. The Court declared that the plaintiffs-tenants were subject to rent stabilization requirements and referred the matter to a special referee to determine the amount of rent over-charges, if any. On July 18, 2017, the Court, pursuant to the parties’ agreement, stayed the Court’s ruling; the Company subsequently appealed the decision to the Appellate Division, First Department. On January 18, 2018, the Appellate Division unanimously reversed the Court’s ruling and ruled in favor of the Company, holding that the Company acted properly in de-regulating the apartments. The plaintiffs-tenants thereafter moved for leave to appeal to the Court of Appeals, which motion was granted on April 24, 2018. On June 25, 2019, the New York Court of Appeals reversed the Appellate Division’s order and ruled in favor of the plaintiffs-tenants, holding that apartments in buildings receiving RPTL 421-g tax benefits are not subject to luxury deregulation. The Court of Appeals also remitted the matter for further proceedings consistent with its opinion. As a result of the Court of Appeals’ order, Company management believes that payments may be required to be made to the 41 present or former tenants comprising the plaintiff group, that other tenants may attempt to make similar claims, and that the special referee process referred to above will be used to determine the timing and the amount of any claims that must be paid. On July 25, 2019, the Company filed a motion for reargument with the New York Court of Appeals, which was denied on September 12, 2019. On August 13, 2019, the Court, in effect, reinstated its prior order and referred the calculation of rent overcharges and attorneys’ fees for a hearing before a special referee. The special referee’s hearing was scheduled for October 23, 2019. On October 17, 2019, the Company made a motion in the Appellate Division for a stay of the special referee’s hearing pending the Company’s appeal from the August 13 order. On such date, the Appellate Division granted an interim stay of the special referee’s hearing, pending the determination of the underlying motion. On October 24, 2019, the Company filed a Petition for a Writ of Certiorari with the United States Supreme Court, seeking permission to have that Court hear the Company’s appeal on Constitutional grounds from the Court of Appeals’ order. The Company cannot predict what the timing or ultimate resolution of this matter will be, and accordingly, at this time, the Company has not recorded any liability for the potential settlement of this matter.

In addition to the above, the Company is subject to certain legal proceedings and claims arising in connection with its business, including a claim under the Americans with Disabilities Act of 1990 at the 141 Livingston Street property. Management believes, based in part upon consultation with legal counsel, that the ultimate resolution of all such claims will not have a material adverse effect on the Company’s consolidated results of operations, financial position or cash flows.

### *Commitments*

The Company is obligated to provide parking availability through August 2020 under a lease with a tenant at the 250 Livingston Street property; the current cost to the Company is approximately \$205 per year.

### *Concentrations*

The Company’s properties are located in the Boroughs of Manhattan and Brooklyn in New York City, which exposes the Company to greater economic risks than if it owned a more geographically dispersed portfolio.

The breakdown between commercial and residential revenue is as follows (unaudited):

	Commercial	Residential	Total
Three months ended September 30, 2019	25%	75%	100%
Three months ended September 30, 2018	26%	74%	100%
Nine months ended September 30, 2019	25%	75%	100%
Nine months ended September 30, 2018	26%	74%	100%

## 10. Related-Party Transactions

The Company recorded office and overhead expenses pertaining to a related company in general and administrative expense of \$0 and \$87 for the three months ended September 30, 2019 and 2018, respectively, and \$45 and \$262 for the nine months ended September 30, 2019 and 2018, respectively.

The Company paid legal and advisory fees to firms in which two of our directors were principals or partners of \$7 and \$18 for the three months ended September 30, 2019 and 2018, respectively, and \$319 and \$1,898 for the nine months ended September 30, 2019 and 2018, respectively.

## 11. Segment Reporting

The Company has classified its reporting segments into commercial and residential rental properties. The commercial reporting segment includes the 141 Livingston Street property and portions of the 250 Livingston Street, Tribeca House and Aspen properties. The residential reporting segment includes the Flatbush Gardens property, the Clover House property, the 10 West 65<sup>th</sup> Street property and portions of the 250 Livingston Street, Tribeca House and Aspen properties.

The Company's income from operations by segment for the three and nine months ended September 30, 2019 and 2018, is as follows (unaudited):

<b>Three months ended September 30, 2019</b>	Commercial	Residential	Total
Rental income	\$7,323	\$22,117	\$29,440
Total revenues	7,323	22,117	29,440
Property operating expenses	1,119	6,238	7,357
Real estate taxes and insurance	1,532	5,208	6,740
General and administrative	259	1,645	1,904

2018	628	9,425	10,053
<u>Nine months ended September 30,</u>			
2019	\$4,292	\$32,678	\$36,970
2018	1,675	30,888	32,563

## **ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS**

*You should read the following discussion of our financial condition and results of operations in conjunction with the more detailed information set forth under the caption, "Cautionary Note Concerning Forward-Looking Statements," and in our financial statements and the related notes thereto appearing elsewhere in this Quarterly Report on Form 10-Q.*

### **Overview of Our Company**

Clipper Realty Inc. (the "Company" or "we") is a self-administered and self-managed real estate company that acquires, owns, manages, operates and repositions multifamily residential and commercial properties in the New York metropolitan area, with a current portfolio in Manhattan and Brooklyn. Our primary focus is to own, manage and operate our portfolio and to acquire and reposition additional multifamily residential and commercial properties in the New York metropolitan area. The Company has been organized and operates in conformity with the requirements for qualification and taxation as a real estate investment trust ("REIT") under the U.S. federal income tax law and elected to be treated as a REIT commencing with the taxable year ended December 31, 2015.

The Company was incorporated on July 7, 2015. On August 3, 2015, we closed a private offering of shares of our common stock, in which we raised net proceeds of approximately \$130.2 million. In connection with the private offering, we consummated a series of investment and other formation transactions that were designed, among other things, to enable us to qualify as a REIT for U.S. federal income tax purposes.

In February 2017, the Company sold 6,390,149 primary shares of common stock (including the exercise of the over-allotment option, which closed on March 10, 2017) to investors in an initial public offering (“IPO”) at \$13.50 per share. The proceeds, net of offering costs, were approximately \$78.7 million. The Company contributed the IPO proceeds to the Operating Partnership in exchange for units in the Operating Partnership.

On May 9, 2017, the Company completed the purchase of 107 Columbia Heights (since rebranded as “Clover House”), a 161-unit apartment community located in Brooklyn Heights, New York, for \$87.5 million.

On October 27, 2017, the Company completed the acquisition of an 82-unit residential property at 10 West 65th Street in Manhattan, New York, for \$79.0 million.

As of September 30, 2019, the Company owns:

- two neighboring residential/retail rental properties at 50 Murray Street and 53 Park Place in the Tribeca neighborhood of Manhattan;
- one residential property complex in the East Flatbush neighborhood of Brooklyn consisting of 59 buildings;
- two primarily commercial properties in downtown Brooklyn (one of which includes 36 residential apartment units);
- one residential/retail rental property at 1955 1<sup>st</sup> Avenue in Manhattan;
- one residential rental property at 107 Columbia Heights in the Brooklyn Heights neighborhood of Brooklyn; and
- one residential rental property at 10 West 65<sup>th</sup> Street in the Upper West Side neighborhood of Manhattan.

During the quarter ended September 30, 2019, the Company substantially completed development at the Clover House property and began lease-up at market rates. The property has reached stabilization, and the Company currently anticipates that it will be fully leased by the end of the year. On November 8, 2019, the Company refinanced the existing Clover House loans with a \$82.0 million, ten-year, fixed rate secured first mortgage loan with MetLife Investment Management. The loan matures on December 1, 2029, bears interest at 3.53% per annum and is interest-only for the entire term.

On November 8, 2019, the Company acquired property located at 1010 Pacific Street in Brooklyn, New York, for \$31 million. The property is located adjacent to downtown Brooklyn, approximately one mile from the Atlantic Terminal/Barclays Center hub. The Company plans to redevelop the property as a nine-story, fully amenitized multifamily rental building, including indoor parking, with approximately 119,000 rentable square feet.

These properties are located in the most densely populated major city in the United States, each with immediate access to mass transportation.

On June 14, 2019, the Housing Stability and Tenant Protection Act of 2019 was signed into law in New York State. The legislation affects rent-stabilized apartments in New York City. Provisions of the law include repeal of vacancy decontrol and high-income deregulation, repeal of vacancy and longevity bonuses, establishment of a preferential rent as the base rent at lease renewal, and reductions in / limitations on rent increases associated with major capital improvements and individual apartment improvements. The new law took effect immediately, is permanent and will reduce the Company’s ability to raise rents on its rent-stabilized units.

The operations of Clipper Realty Inc., and its consolidated subsidiaries are carried on primarily through the Operating Partnership. The Company has elected to be taxed as a REIT under Sections 856 through 860 of the Internal Revenue Code. The Company is the sole general partner of the Operating Partnership and the Operating Partnership is the sole managing member of the LLCs that comprised the Predecessor.

At September 30, 2019, the Company’s interest, through the Operating Partnership, in the LLCs that own the properties generally entitles it to 40.4% of the aggregate cash distributions from, and the profits and losses of, the

LLCs.

## Results of Operations

Our focus throughout 2018 and year-to-date 2019 has been to manage our properties to optimize revenues and control costs, while continuing to renovate and reposition certain properties. The discussion below highlights the specific properties contributing to the changes in the results of operations.

### *Income Statement for the Three Months Ended September 30, 2019 and 2018 (in thousands)*

	2019	Less: Clover House	2019 Excluding Clover House	2018	Increase (decrease)	%

Gain on involuntary conversion	—	—	—	194	(194)	(100.0)%
Net (loss) income	\$(182)	\$(323)	\$141	\$1,251	\$(1,110)	(88.7)%

**Revenue.** Residential rental income, excluding Clover House, increased from \$20,675 for the three months ended September 30, 2018, to \$21,739 for the three months ended September 30, 2019, primarily due to increases in rental rates and occupancy at the Flatbush Gardens and Tribeca House properties. Base rent per square foot increased at the Flatbush Gardens property from \$23.38 (98.6% leased occupancy) at September 30, 2018, to \$24.49 (99.5% leased occupancy) at September 30, 2019. Base rent per square foot increased at the Tribeca House property from \$68.92 (93.3% leased occupancy) at September 30, 2018, to \$70.85 (98.2% leased occupancy) at September 30, 2019.

Commercial rental income was essentially flat for the three months ended September 30, 2019, compared to the three months ended September 30, 2018.

**Property operating expenses.** Property operating expenses include property-level costs such as compensation costs for property-level personnel, repairs and maintenance, supplies, utilities and landscaping. Property operating expenses, excluding Clover House, increased from \$6,806 for the three months ended September 30, 2018, to \$7,034 for the three months ended September 30, 2019, primarily due to a larger amount of make-ready apartment improvements at the Tribeca House and Flatbush Gardens properties.

**Real estate taxes and insurance.** Real estate taxes and insurance expenses, excluding Clover House, increased from \$5,824 for the three months ended September 30, 2018, to \$6,667 for the three months ended September 30, 2019, due to increased real estate taxes and insurance expense across the portfolio.

**General and administrative.** General and administrative expenses, excluding Clover House, decreased from \$1,858 for the three months ended September 30, 2018, to \$1,806 for the three months ended September 30, 2019, primarily due to decreases in overhead costs and LTIP amortization expense, partially offset by an increase in legal expenses associated with a litigation matter at the Tribeca House property.

**Depreciation and amortization.** Depreciation and amortization expense, excluding Clover House, increased from \$4,351 for the three months ended September 30, 2018, to \$4,784 for the three months ended September 30, 2019, due to additions to real estate.

**Interest expense, net.** Interest expense, net, excluding Clover House, increased from \$8,052 for the three months ended September 30, 2018, to \$8,630 for the three months ended September 30, 2019, primarily due to the

May 2019 and December 2018 refinancings of the 250 Livingston Street property. Interest expense, excluding Clover House, included amortization of loan costs of \$272 and \$231 for the three months ended September 30, 2019 and 2018, respectively.

**Gain on involuntary conversion.** Gain on involuntary conversion represented insurance proceeds in excess of the carrying value of assets disposed of related to fire damage suffered by two units at the Flatbush Gardens property in 2018.

**Net (loss) income.** As a result of the foregoing, net income, excluding Clover House, decreased from \$1,251 for the three months ended September 30, 2018, to \$141 for the three months ended September 30, 2019.

***Income Statement for the Nine Months Ended September 30, 2019 and 2018 (in thousands)***

	2019	Less: Clover House	2019 Excluding Clover House	2018	Increase (decrease)	%
Revenues						
Residential rental income	\$64,035	\$378	\$63,657	\$60,449	\$3,208	5.3%
Commercial rental income	21,503	—	21,503	21,667	(164)	(0.8)%
Total revenues	85,538	378	85,160	82,116	3,044	3.7%
Operating Expenses						
Property operating expenses	21,667	323	21,344	20,643	701	3.4%
Real estate taxes and insurance	18,178	73	18,105	16,534	1,571	9.5%
General and administrative	6,151	98	6,053	7,602	(1,549)	(20.4)%
Depreciation and amortization	14,068	145	13,923	13,382	541	4.0%
Total operating expenses	60,064	639	59,425	58,161	1,264	2.2%
Income from operations	25,474	(261)	25,735	23,955	1,780	7.4%
Interest expense, net	(25,176)	(62)	(25,114)	(24,603)	511	2.1%
Loss on extinguishment of debt	(1,771)	—	(1,771)	(6,981)	(5,210)	(74.6)%
Gain on involuntary conversion	—	—	—	194	(194)	(100.0)%
Net loss	\$(1,473)	\$(323)	\$(1,150)	\$(7,435)	\$6,285	84.5 %

**Revenue.** Residential rental income, excluding Clover House, increased from \$60,449 for the nine months ended September 30, 2018, to \$63,657 for the nine months ended September 30, 2019, primarily due to increases in rental rates and occupancy at the Flatbush Gardens and Tribeca House properties.

Commercial rental income was essentially flat for the nine months ended September 30, 2019, compared to the nine months ended September 30, 2018.

**Property operating expenses.** Property operating expenses include property-level costs such as compensation costs for property-level personnel, repairs and maintenance, supplies, utilities and landscaping. Property operating expenses, excluding Clover House, increased from \$20,643 for the nine months ended September 30, 2018, to \$21,344 for the nine months ended September 30, 2019, primarily due to a higher provision for bad debts and a larger amount of make-ready apartment improvements at the Tribeca House and Flatbush Gardens properties.

**Real estate taxes and insurance.** Real estate taxes and insurance expenses, excluding Clover House, increased from \$16,534 for the nine months ended September 30, 2018, to \$18,105 for the nine months ended September 30, 2019, primarily due to increased real estate taxes and insurance expense across the portfolio.

**General and administrative.** General and administrative expenses, excluding Clover House, decreased from \$7,602 for the nine months ended September 30, 2018, to \$6,053 for the nine months ended September 30, 2019, primarily due to decreases in overhead costs, executive cash bonuses and LTIP amortization expense.

**Depreciation and amortization.** Depreciation and amortization expense, excluding Clover House, increased from \$13,382 for the nine months ended September 30, 2018, to \$13,923 for the nine months ended September 30, 2019, due to additions to real estate, partially offset by reduced intangibles amortization at the 10 West 65<sup>th</sup> Street property.

**Interest expense, net.** Interest expense, net, excluding Clover House, increased from \$24,603 for the nine months ended September 30, 2018, to \$25,114 for the nine months ended September 30, 2019. The increase in interest expense from the May 2019 and December 2018 refinancings of the 250 Livingston Street property was

offset by the lower interest rate and loan amount obtained in refinancing the Tribeca House property in February 2018 and increased interest expense capitalization in connection with property development. Interest expense, excluding Clover House, included amortization of loan costs and changes in fair value of interest rate caps of \$1,200 and \$746 for the nine months ended September 30, 2019 and 2018, respectively.

***Loss on extinguishment of debt.*** Loss on extinguishment of debt for the nine months ended September 30, 2019, related to the refinancing of the 250 Livingston Street loan in May 2019; the amount included the write-off of unamortized debt costs. Loss on extinguishment of debt for the nine months ended September 30, 2018, related to the refinancings of the Flatbush Gardens and Tribeca House loans in February 2018; the amount included charges for early extinguishment of the debt and the associated write-off of unamortized debt costs.

***Net loss.*** As a result of the foregoing, net loss, excluding Clover House, decreased from \$7,435 for the nine months ended September 30, 2018, to \$1,150 for the nine months ended September 30, 2019.

## **Liquidity and Capital Resources**

As of September 30, 2019, we had \$963.2 million of indebtedness (net of unamortized issuance costs) secured by our properties, \$43.6 million of cash and cash equivalents, and \$17.1 million of restricted cash. On November 8, 2019, the Company refinanced its outstanding Clover House loans. See Note 6 of the accompanying “Notes to Consolidated Financial Statements” for a discussion of the Company’s property-level debt.

As a REIT, we are required to distribute at least 90% of our REIT taxable income, computed without regard to the dividends paid deduction and excluding net capital gains, to stockholders on an annual basis. We expect that these needs will be met from cash generated from operations and other sources, including proceeds from secured mortgages and unsecured indebtedness, proceeds from additional equity issuances and cash generated from the sale of property.

### ***Short-Term and Long-Term Liquidity Needs***

Our short-term liquidity needs will primarily be to fund operating expenses, recurring capital expenditures, property taxes and insurance, interest and scheduled debt principal payments, general and administrative expenses and distributions to stockholders and unit holders. We generally expect to meet our short-term liquidity requirements through net cash provided by operations, and we believe we will have sufficient resources to meet our short-term liquidity requirements.

Our principal long-term liquidity needs will primarily be to fund additional property acquisitions, major renovation and upgrading projects, and debt payments and retirements at maturity. We do not expect that net cash provided by operations will be sufficient to meet all of these long-term liquidity needs. We anticipate meeting our long-term liquidity requirements by using cash as an interim measure and funds from public and private equity offerings and long-term secured and unsecured debt offerings.

We believe that as a publicly traded REIT, we will have access to multiple sources of capital to fund our long-term liquidity requirements. These sources include the incurrence of additional debt and the issuance of additional equity. However, we cannot provide assurance that this will be the case. Our ability to secure additional debt will depend on a number of factors, including our cash flow from operations, our degree of leverage, the value of our unencumbered assets and borrowing restrictions that may be imposed. Our ability to access the equity capital markets will depend on a number of factors as well, including general market conditions for REITs and market perceptions about our company.

We believe that our current cash flows from operations, coupled with additional mortgage debt, will be sufficient to allow us to continue operations, satisfy our contractual obligations and make distributions to our stockholders and the members of our LLC subsidiaries for at least the next twelve months. However, no assurance can be given that we will be able to refinance any of our outstanding indebtedness in the future on favorable terms or at all.

### ***Distributions***

In order to qualify as a REIT for Federal income tax purposes, we must currently distribute at least 90% of our taxable income to our shareholders. During the three months ended September 30, 2019 and 2018, we paid dividends and distributions on our common shares, Class B LLC units and LTIP units totaling \$4.3 million and \$4.3

million, respectively, and during the nine months ended September 30, 2019 and 2018, we paid dividends and distributions on our common shares, Class B LLC units and LTIP units totaling \$12.8 million and \$12.8 million, respectively.

***Cash Flows for the Nine Months Ended September 30, 2019 and 2018 (in thousands)***

	<b>Nine Months Ended September 30,</b>	
	<b>2019</b>	<b>2018</b>
Operating activities	\$18,390	\$23,807
Investing activities	(36,512)	(27,844)
Financing activities	32,894	7,452

*Cash flows provided by (used in) operating activities, investing activities and financing activities for the nine months ended September 30, 2019 and 2018, were as follows:*

Net cash flow provided by operating activities was \$18,390 for the nine months ended September 30, 2019, compared to \$23,807 for the nine months ended September 30, 2018. The net decrease during the 2019 period reflected a decrease of \$7,672 of cash generated by operating assets and liabilities, offset by an increase of \$2,255 of cash flow from operating results.

Net cash used in investing activities was \$36,512 for the nine months ended September 30, 2019, compared to \$27,844 for the nine months ended September 30, 2018. We spent \$34,962 and \$28,455 on capital projects for the nine months ended September 30, 2019 and 2018, respectively. For the nine months ended September 30, 2019, we funded a \$1,550 acquisition deposit for the 1010 Pacific Street property. For the nine months ended September 30, 2018, we received \$226 of insurance proceeds from the disposal of assets damaged in a fire at a property and \$385 of net proceeds from the sale of interest rate caps.

Net cash provided by financing activities was \$32,894 for the nine months ended September 30, 2019, compared to \$7,452 for the nine months ended September 30, 2018. Cash was primarily provided in the nine months ended September 30, 2019, by proceeds from the new loan on the 250 Livingston Street property (\$125,000), offset by repayment of the existing loan on the property (\$75,000), loan issuance and extinguishment costs (\$2,166), and scheduled debt amortization (\$2,127); and in the nine months ended September 30, 2018, by proceeds from new loans on the Flatbush Gardens and Tribeca House properties (\$606,000), offset by repayment of existing loans on the properties (approximately \$578,000), and loan issuance and extinguishment costs (\$8,338). The Company paid distributions of \$12,813 and \$12,776 in the nine months ended September 30, 2019 and 2018, respectively.

***Income Taxes***

No provision has been made for income taxes since all of the Company's operations are held in pass-through entities and accordingly the income or loss of the Company is included in the individual income tax returns of the partners or members.

We elected to be treated as a REIT for U.S. federal income tax purposes, beginning with our first taxable three months ended March 31, 2015. As a REIT, we generally will not be subject to federal income tax on income that we distribute to our stockholders. If we fail to qualify as a REIT in any taxable year, we will be subject to federal income tax on our taxable income at regular corporate tax rates. We believe that we are organized and operate in a manner that will enable us to qualify and be taxed as a REIT and we intend to continue to operate so as to satisfy the requirements for qualification as a REIT for federal income tax purposes.

***Inflation***

Inflation in the United States has been relatively low in recent years and did not have a significant impact on the results of operations for the Company's business for the periods shown in the consolidated financial statements. We do not believe that inflation currently poses a material risk to the Company. The leases at our residential rental properties, which comprise approximately 73% of our revenue, are short-term in nature. Our longer-term commercial and retail leases would generally allow us to recover some increased costs in the event of significant inflation.

Although the impact of inflation has been relatively insignificant in recent years, it does remain a factor in the United States economy and could increase the cost of acquiring or replacing properties in the future.

### **Off-Balance Sheet Arrangements**

As of September 30, 2019, we do not have any off-balance sheet arrangements that have had or are reasonably likely to have a material effect on our financial condition, revenues or expenses, results of operations, liquidity, capital resources or capital expenditures.

### **Non-GAAP Financial Measures**

In this Quarterly Report on Form 10-Q, we disclose and discuss funds from operations (“FFO”), adjusted funds from operations (“AFFO”), adjusted earnings before interest, income taxes, depreciation and amortization (“Adjusted EBITDA”) and net operating income (“NOI”), all of which meet the definition of “non-GAAP financial measure” set forth in Item 10(e) of Regulation S-K promulgated by the SEC.

While management and the investment community in general believe that presentation of these measures provides useful information to investors, neither FFO, AFFO, Adjusted EBITDA, nor NOI should be considered as an alternative to net income or income from operations as an indication of our performance. We believe that to understand our performance further, FFO, AFFO, Adjusted EBITDA, and NOI should be compared with our reported net income or income from operations and considered in addition to cash flows computed in accordance with GAAP, as presented in our consolidated financial statements.

#### ***Funds From Operations and Adjusted Funds From Operations***

FFO is defined by the National Association of Real Estate Investment Trusts (“NAREIT”) as net income (computed in accordance with GAAP), excluding gains (or losses) from sales of property and impairment adjustments, plus depreciation and amortization, and after adjustments for unconsolidated partnerships and joint ventures. Our calculation of FFO is consistent with FFO as defined by NAREIT.

AFFO is defined by us as FFO excluding amortization of identifiable intangibles incurred in property acquisitions, straight-line rent adjustments to revenue from long-term leases, amortization costs incurred in originating debt, interest rate cap mark-to-market adjustments, amortization of non-cash equity compensation, loss on extinguishment of debt, gain on involuntary conversion and non-recurring litigation-related expenses, less recurring capital expenditures.

Historical cost accounting for real estate assets implicitly assumes that the value of real estate assets diminishes predictably over time. In fact, real estate values have historically risen or fallen with market conditions. FFO is intended to be a standard supplemental measure of operating performance that excludes historical cost depreciation and valuation adjustments from net income. We consider FFO useful in evaluating potential property acquisitions and measuring operating performance. We further consider AFFO useful in determining funds available for payment of distributions. Neither FFO nor AFFO represent net income or cash flows from operations computed in accordance with GAAP. You should not consider FFO and AFFO to be alternatives to net income as reliable measures of our operating performance; nor should you consider FFO and AFFO to be alternatives to cash flows from operating, investing or financing activities (computed in accordance with GAAP) as measures of liquidity.

Neither FFO nor AFFO measure whether cash flow is sufficient to fund all of our cash needs, including principal amortization, capital improvements and distributions to stockholders. FFO and AFFO do not represent cash flows from operating, investing or financing activities computed in accordance with GAAP. Further, FFO and AFFO as disclosed by other REITs might not be comparable to our calculations of FFO and AFFO.

The following table sets forth a reconciliation of FFO and AFFO for the periods presented to net (loss) income before allocation to non-controlling interests, computed in accordance with GAAP (amounts in thousands):

	Three Months Ended		Nine Months Ended	
	September 30,		September 30,	
	2019	2018	2019	2018
<b>FFO</b>				
Net (loss) income	\$(182)	\$1,251	\$(1,473)	\$(7,435)
Real estate depreciation and amortization	4,929	4,351	14,068	13,382
<b>FFO</b>	<b>\$4,747</b>	<b>\$5,602</b>	<b>\$12,595</b>	<b>\$5,947</b>
<b>AFFO</b>				
<b>FFO</b>	<b>\$4,747</b>	<b>\$5,602</b>	<b>\$12,595</b>	<b>\$5,947</b>
Amortization of real estate tax intangible	122	119	361	355
Amortization of above- and below-market leases	(250)	(479)	(1,080)	(1,438)
Straight-line rent adjustments	184	258	1,000	771
Amortization of debt origination costs	334	232	1,263	984
Interest rate cap mark-to-market adjustments	—	—	—	(237)
Amortization of LTIP awards	325	411	1,185	1,670
Loss on extinguishment of debt	—	—	1,771	6,981
Gain on involuntary conversion	—	(194)	—	(194)
Non-recurring litigation-related expenses	87	—	87	—
Recurring capital spending	(126)	(184)	(405)	(426)
<b>AFFO</b>	<b>\$5,423</b>	<b>\$5,765</b>	<b>\$16,777</b>	<b>\$14,413</b>

#### ***Adjusted Earnings Before Interest, Income Taxes, Depreciation and Amortization***

We believe that Adjusted EBITDA is a useful measure of our operating performance. We define Adjusted EBITDA as net income (loss) before allocation to non-controlling interests, plus real estate depreciation and amortization, amortization of identifiable intangibles, straight-line rent adjustments to revenue from long-term leases, amortization of non-cash equity compensation, interest expense (net), loss on extinguishment of debt and non-recurring litigation-related expenses, less gain on involuntary conversion.

We believe that this measure provides an operating perspective not immediately apparent from GAAP income from operations or net income (loss). We consider Adjusted EBITDA to be a meaningful financial measure of our core operating performance.

However, Adjusted EBITDA should only be used as an alternative measure of our financial performance. Further, other REITs may use different methodologies for calculating Adjusted EBITDA, and accordingly, our Adjusted EBITDA may not be comparable to that of other REITs.

The following table sets forth a reconciliation of Adjusted EBITDA for the periods presented to net (loss) income before allocation to non-controlling interests, computed in accordance with GAAP (amounts in thousands):

	Three Months Ended		Nine Months Ended	
	September 30,		September 30,	
	2019	2018	2019	2018
<b>Adjusted EBITDA</b>				
Net (loss) income	\$(182)	\$1,251	\$(1,473)	\$(7,435)
Real estate depreciation and amortization	4,929	4,351	14,068	13,382
Amortization of real estate tax intangible	122	119	361	355
Amortization of above- and below-market leases	(250)	(479)	(1,080)	(1,438)
Straight-line rent adjustments	184	258	1,000	771
Amortization of LTIP awards	325	411	1,185	1,670
Interest expense, net	8,692	8,052	25,176	24,603
Loss on extinguishment of debt	—	—	1,771	6,981
Gain on involuntary conversion	—	(194)	—	(194)
Non-recurring litigation-related expenses	87	—	87	—
<b>Adjusted EBITDA</b>	<b>\$13,907</b>	<b>\$13,769</b>	<b>\$41,095</b>	<b>\$38,695</b>

### ***Net Operating Income***

We believe that NOI is a useful measure of our operating performance. We define NOI as income from operations plus real estate depreciation and amortization, general and administrative expenses, amortization of identifiable intangibles and straight-line rent adjustments to revenue from long-term leases. We believe that this measure is widely recognized and provides an operating perspective not immediately apparent from GAAP income from operations or net income (loss). We use NOI to evaluate our performance because NOI allows us to evaluate the operating performance of our company by measuring the core operations of property performance and capturing trends in rental housing and property operating expenses. NOI is also a widely used metric in valuation of properties.

However, NOI should only be used as an alternative measure of our financial performance. Further, other REITs may use different methodologies for calculating NOI, and accordingly, our NOI may not be comparable to that of other REITs.

The following table sets forth a reconciliation of NOI for the periods presented to income from operations, computed in accordance with GAAP (amounts in thousands):

	<b>Three Months Ended</b>		<b>Nine Months Ended</b>	
	<b>September 30,</b>		<b>September 30,</b>	
	<b>2019</b>	<b>2018</b>	<b>2019</b>	<b>2018</b>
<b>NOI</b>				
Income from operations	\$8,510	\$9,109	\$25,474	\$23,955
Real estate depreciation and amortization	4,929	4,351	14,068	13,382
General and administrative expenses	1,904	1,858	6,151	7,602
Amortization of real estate tax intangible	122	119	361	355
Amortization of above- and below-market leases	(250)	(479)	(1,080)	(1,438)
Straight-line rent adjustments	184	258	1,000	771
<b>NOI</b>	<b>\$15,399</b>	<b>\$15,216</b>	<b>\$45,974</b>	<b>\$44,627</b>

### **Critical Accounting Policies**

Management's discussion and analysis of financial condition and results of operations is based upon our consolidated financial statements, which have been prepared in accordance with GAAP. The preparation of these consolidated financial statements requires management to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses. Management bases its estimates on historical experience and assumptions that are believed to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying value of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions. We believe that there have been no material changes to the items that we disclosed as our critical accounting policies under Item 7, "Management's Discussion and Analysis of Financial Condition and Results of Operations," in our Form 10-K for the year ended December 31, 2018.

### **Recent Accounting Pronouncements**

See Note 3, "Significant Accounting Policies" of our consolidated financial statements for a discussion of recent accounting pronouncements.

### **ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK**

Our future income, cash flows and fair value relevant to our financial instruments depends upon prevailing market interest rates. Market risk refers to the risk of loss from adverse changes in market prices and interest rates. Based upon the nature of our operations, the principal market risk to which we are exposed is the risk related to interest rate fluctuations. Many factors, including governmental monetary and tax policies, domestic and international economic and political considerations, and other factors that are beyond our control, contribute to interest rate risk. To manage this risk, we purchased interest rate caps on the \$410.0 million of Tribeca House debt outstanding (prior to the Tribeca House debt refinancing on February 21, 2018), the \$64.7 million of Clover House debt outstanding (prior to the Clover House debt refinancing on November 8, 2019) and the \$75.0 million of 250 Livingston Street debt outstanding (prior to the 250 Livingston Street debt refinancing on May 31, 2019) as of September 30, 2019, that would provide interest rate protection if one-month LIBOR exceeds 2.0% for the Tribeca

House loans, 3.0% for the Clover House loans and 4.0% for the 250 Livingston Street loan. On April 27, 2018, we terminated the Tribeca House interest rate cap.

A one percent change in interest rates on our \$64.7 million of variable rate debt as of September 30, 2019, would impact annual net income by approximately \$0.6 million.

The fair value of the Company's notes payable was approximately \$1,038.4 million and \$927.6 million as of September 30, 2019, and December 31, 2018, respectively.

## **ITEM 4. CONTROLS AND PROCEDURES**

### **Evaluation of Disclosure Controls and Procedures**

Our management, with the participation of our Chief Executive Officer ("CEO") and Chief Financial Officer ("CFO"), has evaluated the effectiveness of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the "Exchange Act")), as of the end of the period covered by this Quarterly Report on Form 10-Q. Based on such evaluation, our CEO and CFO have concluded that as of September 30, 2019, our disclosure controls and procedures are designed at a reasonable assurance level and are effective to provide reasonable assurance that information we are required to disclose in reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the rules and forms of the SEC, and that such information is accumulated and communicated to our management, including our CEO and CFO, as appropriate, to allow timely decisions regarding required disclosure.

### **Changes in Internal Control**

There were no changes in our internal control over financial reporting identified in management's evaluation pursuant to Rules 13a-15(d) or 15d-15(d) of the Exchange Act during the period covered by this Quarterly Report on Form 10-Q that materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

### **Limitations on Effectiveness of Controls and Procedures**

In designing and evaluating the disclosure controls and procedures, management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives. In addition, the design of disclosure controls and procedures must reflect the fact that there are resource constraints and that management is required to apply judgment in evaluating the benefits of possible controls and procedures relative to their costs.

## **PART II – OTHER INFORMATION**

### **ITEM 1. LEGAL PROCEEDINGS**

On July 3, 2017, the Supreme Court of the State of New York (the "Court") ruled in favor of 41 present or former tenants of apartment units at the Company's buildings located at 50 Murray Street and 53 Park Place in Manhattan, New York, who brought an action against the Company alleging that they were subject to applicable rent stabilization laws with the result that rental payments charged by the Company exceeded amounts permitted under these laws because the buildings were receiving certain tax abatements under Real Property Tax Law ("RPTL") 421-g. The Court also awarded the plaintiffs-tenants their attorney's fees and costs. The Court declared that the plaintiffs-tenants were subject to rent stabilization requirements and referred the matter to a special referee to determine the amount of rent over-charges, if any. On July 18, 2017, the Court, pursuant to the parties' agreement, stayed the Court's ruling; the Company subsequently appealed the decision to the Appellate Division, First Department. On January 18, 2018, the Appellate Division unanimously reversed the Court's ruling and ruled in favor of the Company, holding that the Company acted properly in de-regulating the apartments. The plaintiffs-tenants thereafter moved for leave to appeal to the Court of Appeals, which motion was granted on April 24, 2018. On June 25, 2019, the New York Court of Appeals reversed the Appellate Division's order and ruled in favor of the plaintiffs-tenants, holding that apartments in buildings receiving RPTL 421-g tax benefits are not subject to luxury deregulation. The Court of Appeals also remitted the matter for further proceedings consistent with its opinion. As a result of the Court of Appeals' order, Company management believes that payments may be required to be made to

the 41 present or former tenants comprising the plaintiff group, that other tenants may attempt to make similar claims, and that the special referee process referred to above will be used to determine the timing and the amount of any claims that must be paid. On July 25, 2019, the Company filed a motion for reargument with the New York Court of Appeals, which was denied on September 12, 2019. On August 13, 2019, the Court, in effect, reinstated its prior order and referred the calculation of rent overcharges and attorneys' fees for a hearing before a special referee. The special referee's hearing was scheduled for October 23, 2019. On October 17, 2019, the Company made a motion in the Appellate Division for a stay of the special referee's hearing pending the Company's appeal from the August 13 order. On such date, the Appellate Division granted an interim stay of the special referee's hearing, pending the determination of the underlying motion. On October 24, 2019, the Company filed a Petition for a Writ of Certiorari with the United States Supreme Court, seeking permission to have that Court hear the Company's appeal on Constitutional grounds from the Court of Appeals' order. The Company cannot predict what the timing or ultimate resolution of this matter will be, and accordingly, at this time, the Company has not recorded any liability for the potential settlement of this matter.

In addition to the above, the Company is subject to certain legal proceedings and claims arising in connection with its business, including a claim under the Americans with Disabilities Act of 1990 at the 141 Livingston Street property. Management believes, based in part upon consultation with legal counsel, that the ultimate resolution of all such claims will not have a material adverse effect on the Company's consolidated results of operations, financial position, or cash flows.

#### **ITEM 1A. RISK FACTORS**

The risk factors disclosed in the section entitled "Risk Factors" in our Annual Report on Form 10-K for the year ended December 31, 2018, set forth information relating to various risks and uncertainties that could materially adversely affect our business, financial condition and operating results. Such risk factors continue to be relevant to an understanding of our business, financial condition and operating results. As of the date of this Quarterly Report on Form 10-Q, there have been no material changes with respect to such risk factors.

#### **ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS**

Not applicable.

#### **ITEM 4. MINE SAFETY DISCLOSURE**

Not applicable.

## ITEM 6. EXHIBITS
